MY PROFILE

Final-year technical high school student in Argentina graduating as an Informatics Technician. Hands-on experience in ECU programming and exposure to automotive engineering environments. International exchange experience in Switzerland with strong English communication skills. Interested in engineering, vehicle electronics, motorsport technology, and engine management systems.

ACADEMIC BACKGROUND

ANGLO AMERICANO

Alta Gracia (2014-2020)

Primary School

INSTITUTO EL OBRAJE

Alta Gracia (2020-2023)-(2025-2026)

Technical High School Diploma – Informatics Technician

HEERBRUGG KANTONSCHULE

Saint Gallen, Switzerland (2024)

One-year exchange experience in Switzerland, developing independence, adaptability, and English communication in an international environment.

LABORAL EXPERIENCE

ORESTE BERTA S.A.

SUMMER 2025

- Supported ECU reprogramming tasks in an automotive engineering environment.
- Worked alongside engineers and technical staff in engine development activities.
- Applied technical concepts related to vehicle electronics, sensors and calibration.
- Developed a foundational understanding of high-performance racing engine operation including combustion, air-fuel management and engine control systems.
- Observed and assisted in dynamometer testing and performance data analysis.
- Used ECU calibration and programming tools including WinOLS, StageX and HP Tuners.
